Mounting Defenses against the Cyber
Command and Control Party

Greetings, Allies.

Our Office of Cyber Analysis has identified your groups as potential targets for an incoming invasion by the Cyber Command and Control Party on November 2nd.

We would like to officially induct you into our cyber defense war room - the Intelligent Response and Security Center (IRSeC). To prepare your space, we require some information about your country.

Please provide the following no later than October 30th, 11:59 PM EST:

- Country Name
- Country Flag
- National Anthem

Thank you for your cooperation. Please await further communications and contact the Director immediately if you have any concerns.
